

LINDA THOMPSON

lindakt16@gmail.com ❖ (817) 456-7617 ❖ www.lindakat.com

PROFILE

A goal oriented and professional problem-solver, with 12+ years experience managing client projects and providing pleasant interactions. The desire to better utilize customer data, get the small details right, and find new ways to create drew me into web development - a hunger to make important and joyful experiences available to others keeps me learning more.

PROJECTS

Stamp Inventory - Tracking site for stamp supplies - <https://github.com/lindakatcodes/StampInventory>

- ❖ Created using a Google Spreadsheet as the database; data updates in response to form input
- ❖ Taught myself how to interface with the Google Sheets API using JS to change values & cell colors

Daily CSS Drawings - Art created from prompts with HTML and CSS - <https://codepen.io/collection/nmzkYx>

- ❖ Hobbes the Tiger drawing is my most popular pen on CodePen, with 1,312 views

EDUCATION

Mobile Web Specialist Nanodegree - Udacity - Oct 2018

- ❖ Course Project - Restaurant Review Application - <https://mws-reviews-app-lt.netlify.com>
 - Improved responsiveness & accessibility of the design
 - Designed the app to work offline using service workers
 - Achieved > 90% Lighthouse metrics for site performance, progressiveness, & accessibility

Git a Web Developer Job - Udemy - Nov 2017

- ❖ Recreated design file in web technologies; exposure to BEM & modular programming techniques

MongoDB 101 JS - MongoDB University - Sept 2017

- ❖ Deep dive into working with MongoDB, focused on interactions with Node

Learn Node - Wes Bos - May 2017

- ❖ Exposure to building routes & templates, interacting with a database, & storing user data

Front End Web Development - Free Code Camp - June 2016 - Ongoing
